

190802601 Release of Version 1.2 Datasheet for Si3459

Bulletin Issue Date: 8/2/2019

Effective Date: 8/2/2019

Description of Change

Silicon Labs is pleased to announce version 1.2 of the Si3459 data sheet. The Si3459 Rev 1.1 data sheet incorrectly documented that devices with B02 markings contained firmware revision 3.9. All devices with B02 markings contain Firmware Revision 4.0. Firmware revision 3.9 was an internal release candidate; no production units were shipped with firmware revision 3.9.

There are no changes to the form, fit, or function of the Si3459-B02 device. The only change is to the data sheet. All production Si3459-B02 units have shipped with firmware revision 4.0.

Reason for Change

Version 1.2 of the data sheet resolves an error in the firmware version number.
