*\*International Rectifier makes no guarantee regarding quantities available for last-time-buys. Actual quantities and pricing will be negotiated on a case-by-case basis. The “Last Time Buy” is the last date IR will accept new orders for an EOL material. The “Last Scheduled Shipment” is the date IR will attempt to fulfill all final orders, however, IR makes no guarantee that all quantities will be shipped by this date due to unforeseen supply constraints and/or acts of nature, etc. The “Final Returns Date” is the last date IR will accept a return or cancellation for a material. After the “Final Returns Date” all EOL materials become NCNR. However, the “Final Returns Date” only applies to those materials which IR currently accepts returns and/or cancellations per IR policy or your specific customer contract and any returns and/or cancellations are subject to the terms and conditions of those policies or contracts, where applicable. Any material previously identified as “NCNR = Non-Cancellable, Non-Returnable” is exempt from this return and cancellation period.
