

Designed with high impact housing and a convenient auto-locking mechanism, this tape measure is perfect for any jobsite. The high impact housing protects it from falls and other damage, while the auto-locking mechanism automatically holds the blade in place for maximum accuracy and precision. This tape measure also features the following:

- Auto-lock mechanism automatically holds blade in place for accuracy and control
- 25 ft of reach to get measurements from far distances
- High impact housing with non-slip TPR grip protects it from damage and stands up to any jobsite demands
- Tape coating prevents abrasion with repeated use
- Easy-to-read measurements marked with lines every 1/16" and with fractions every 1/8"
- 1" wide blade makes this great for hard-to-reach places
- Lifetime Warranty
