

24th March 2020

To: Valued Customer

From: Littelfuse Product Management

Subject: Assurance of supply of 462 series fuses

With regards to the above reference, Littelfuse would like to apologize for causing unnecessary stress with the prior announcement of the PCN for the 462 series fuses.

We hear and understand the importance of the use of the 462 series fuses and Littelfuse has made the decision to continue to support the 462 series fuses to customers continuously.

We will not be obsoleting the 462 series fuses and would recommend that customers and design engineers continue to design in the 462 series fuses new programs/designs as well.

Please let us know should you have further queries.

Best regards;
Daniel Wang
