Date: August 31, 2013
To: Eaton Electronics Coiltronics Magnetics Customers
Subject: Manufacturing Location Transition Product Change Notice

On May 25, 2012, Eaton Electronics (Bussmann) issued a Product Change Notice regarding the addition of a new manufacturing facility in the Philippines for making the Coiltronics brand of magnetics (inductors and transformers).

That facility was brought on line and became operational in the fourth quarter of 2012.

This Product Change Notice is issued to notify customers of the specific Series, Families and Part Numbers that are being manufactured in the Philippines facility, along with their effectivity date and date code. A listing of the affected parts is on pages 2 and 3 of this notice.

The parts manufactured in the new Philippines facility retain the same designs, materials and process with no change to form, fit, function or performance.

Eaton Electronics is committed to providing all customers with high quality products and services. If further information is required regarding this notification, please contact your local Eaton Electronics (Bussmann) Representative or contact us at busselx@cooperindustries.com. We thank you for your continued support of Eaton Electronics and the Coiltronics brand of magnetics.

Paul Wiener
Global Product Manager, Coiltronics Magnetics
