Product Change Notification (PCN)

1. GENERAL INFORMATION

Change reference number:	PCN425	Products Affected:	CSR8645A04-IBBC-R
--------------------------	---------------	--------------------	-------------------

2. TYPE OF CHANGE

Material Product Process Equipment Specifications Other

3. CHANGE JUSTIFICATION AND DESCRIPTION

CSR has made a minor change to increase a single timeout window to enable a wider selection of compatible Flash parts.

The new CSR product will be identified by a minor change to the product code (a change of A04 to B04).

There will be no impact to form, fit, function or quality of the CSR product, and the new product code will be backwards compatible with the current product code.

Once the PCN notification period has passed, the new CSR product code will replace the existing product code, and the old product code will be made obsolete.

4. SUPPORTING DATA

Samples of the new product codes will be available on request.

5. IDENTIFICATION OF CHANGED PRODUCT

The new product code is:

CSR8645B04-IBBC-R

6. CHANGE CLASSIFICATION

Minor Major

Change Implementation Date: **01/01/2015**

7. CUSTOMER FEEDBACK

Please acknowledge receipt of this change note by replying to pcn@csr.com.

When you have reviewed the information, please reply to pcn@csr.com to confirm acceptance of the

CONFIDENTIAL

change, or requesting further information. Your account manager should be kept in copy.

CSR is notifying you of this minor change, no further action from your part is necessary.

Please forward any further queries regarding this change to pcn@csr.com keeping your account manager in copy.
